Covid-19 Stakeholder Update / 07.04.20

This is the Ministry of Justice's regular stakeholder communications update service. This is intended to signpost the latest Covid-19 guidance and central government updates.

We encourage organisations to share these updates with your wider networks to ensure a wide circulation of important communications. For monitoring and evaluation purposes, we'd gratefully receive information on who you are sharing this with.

We would also find it helpful to know about your own communications plans and any intel that will help inform our communications moving forwards. Please do get in touch at samantha.abrahams@justice.gov.uk or thomas.cracknell@justice.gov.uk.

Please find today's update below.

- We have robust and flexible plans to ensure we can continue to deliver key services across the justice system.
- A network of priority courts will remain open during the coronavirus pandemic to make sure the justice system continues to operate effectively.
- Selected lower-risk offenders, within weeks of their release dates, and pregnant women in custody who do not pose a high risk of harm to the public will be temporarily released from prison. This is to protect the NHS from the coronavirus risk in prisons, protect our officers and save lives.

HMPPS

Prisons and probation services have implemented significant changes to comply with the Government's social distancing rules and to protect staff and service users. The service has been working closely with public health experts, as well as criminal justice partners, to ensure that robust contingency plans are in place and immediate action can be taken wherever cases are identified. The following page will continue to be updated when new advice is available: <https://www.gov.uk/guidance/coronavirus-covid-19-and-prisons>

As of 17:00 on Monday 6 April:

- 116 prisoners have tested positive for COVID-19 across 43 prisons.
- 19 prison staff have tested positive for COVID-19 across 12 prisons.
- 4 Prisoner Escort and Custody Services (PECS) staff have tested positive for COVID-19.

Further updates with the latest figures may be released later this evening to the media and will be included here the following day for information, so please do bear with us if they are superseded during the day.
